

General—Monitoring and Evaluation:

- **Eval Community** is a network in M&E, Research and Impact Assessment, connecting organizations and experts for jobs, events, experts and resources.
<https://www.evalcommunity.com/resources/toolsandssoftware/>
- International Initiative for Impact Evaluation **Development Evidence Portal** includes high-quality impact evaluations, systematic reviews, and evidence gap maps. <https://www.3ieimpact.org>
- **The M&E Universe** is a free, online resource developed by INTRAC to support development practitioners involved in monitoring and evaluation (M&E). It consists of a series of short papers (2-6 pages) on different subjects related to M&E. It can be explored through an online platform (intrac.org/universe) that is compatible with most web browsers. <https://www.intrac.org/resources/me-universe/>

Evaluation Approaches and Methods:

- **BetterEvaluation** is an international collaboration to improve evaluation practice and theory by sharing and generating information about options (methods or processes) and approaches.
<https://www.betterevaluation.org/en>
- The **Choosing Appropriate Evaluation Methods tool** is an accessible aid to help you understand evaluation methods and choose the right ones for your purposes. <https://www.bond.org.uk/resources/evaluation-methods-tool>
- **IndiKit** helps humanitarian and development workers to use well-formulated project indicators and to correctly collect and analyze the data required for each indicator. Includes hundreds of indicators across different sectors, including nutrition, food security, WASH, education, DRR, and many others.
